THE COMPETITION JUST DOES NOT STACK UP!

Candle Impressions® provides the most practical, innovative, and user-friendly Rechargeable Candles on the market.

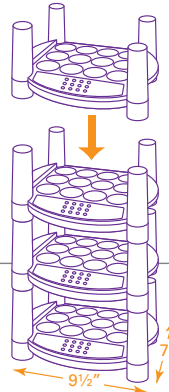

1. Space-Saving Design

Only the Candle Impressions® EasyStack™ Charging Trays stack vertically to save space and reduce clutter.

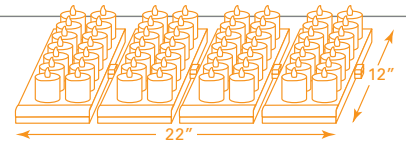

Stack up to 4 trays together to charge 48 candles with one power adapter.

STACK UP 4 TRAYS AND SAVE 4 TIMES THE SPACE

By stacking up, our products use **4 times less** countertop space than the competition.

The competition connects side-by-side and **wastes space.**

2. More Than Just Tea Lights

Only Candle Impressions® offers the flexibility of three styles of Rechargeable Candles – including two styles of votives with our patented ‘Realistic Wick’ design.

...and they can all be charged in the same tray.
